SIP vs. Hosted: The **Smarter Choice** for Your Business

Reason	SIP/PRI Systems	Hosted Voice
Lower Costs	High upfront costs and maintenance fees	No expensive hardware, lower overall expenses
Scalability	Adding/removing lines is difficult	Easily scale up or down as your business grows
Reliability	Prone to outages and hardware failures	Built-in-redundancy ensures seamless communication
Flexibility	Limited to physical office locations	Fully cloud-based, work from anywhere
Maintenance	Requires on-site servicing & hardware replacement	Updates managed in the cloud
